Oranjestad, 9 May 2008

Ref.: Noise certificate

Dear Operator:

This is to advise that the DCA of Aruba has revised the format of the noise certificate. The new format will have no expiration date. Also a noise certificate application form (DCA Form 4.054) has been introduced.

As of today the new form will be issued at every renewal inspection for aircraft that are already registered and for every new aircraft to be registered. For this the application form will have to be filled out accordingly.

Inquiries concerning the above can be sent to the noise certification specialist, ing. G. Kelly at email: Glenn.Kelly@Aruba.gov.aw.

Sincerely,

ing. G. Kelly
ag. Manager Maintenance & Airworthiness
DCA Aruba
