Aircraft Registration Aruba

Recent activity includes

- ▶ Assisting a publicly traded multinational financial institution with the acquisition, financing and registration of an Airbus 320-232 and an Embraer 190-100LR aircraft in both the Nationality Register of Aruba as the Title Register of Aruba;
- ▶ Advising an airline on the acquisition of various aircraft, including registration of various Airbus, Boeing and Embraer aircraft in Aruba and acting as transaction counsel on behalf of various financial institutions;
- ▶ Assisting an airline with the purchase of two Boeing 737-900s. The services included issuing legal opinions from an Aruban law perspective and from a Curaçao law perspective for the entering into the transaction by the shareholder;
- ▶ Assisting a Switzerland bank in connection with the financing of an Embraer Legacy 650 Corporate Aircraft purchase.

Full service for aircraft registration and financing

We provide all necessary legal assistance to financial institutions, leasing companies, buyers, sellers and aircraft operators in relation to the process of registration of aircraft in Aruba. The services we provide depend on the needs of the client and the particulars of a transaction. Our services usually consist of one or more of the following activities:

- ▶ advising on the legal structure and assisting with the incorporation of an Aruban special purpose vehicle and the licensing thereof;
- ▶ advising on the perfection and the enforcement mechanisms of Aruban law securities, including mortgage, pledge on aircraft and pledge on shares;
- ▶ completing jurisdictional questionnaires;
- ▶ assisting with or monitoring the registration of the Aircraft in the nationality register by the operator/owner/lessee;
- ▶ registration of aircraft in the public register for the registration of aircraft (openbaar register voor teboekstelling van luchtvaartuigen), which is a so called 'title register' ("Title Register") and requesting the Court of First Instance of Aruba for permission thereto;
- ▶ recording the special purpose vehicle as a Transacting User Entity with the International Registry in Ireland;
- ▶ acting as the Professional User Entity in connection with the registration of various international interest in the International Registry;
- ▶ reviewing transaction documents, governed by foreign law and advising on the enforceability under Aruban law. These documents usually includes security and lease agreements;
- ▶ issuing a closing and a post closing legal opinion in respect of Aruban law.
